

INKBERROW BOWLS CLUB

The club is a dual gender organisation that welcomes all persons wishing to enjoy the game of lawn green bowls.

The committee will be pleased to consider your application at their next Management meeting. However, the Committee reserve the right to refuse permission without disclosing the reason.

Applicants may use the green and the facilities of the club whilst waiting for their application to be confirmed provided that a club member is present.

All new applicants will meet with the Club Coach before membership is approved. If you have not previously played or need a refresher, free tuition can be arranged prior to bowling on a regular basis.

Applicants and all members must observe the details recorded in the Green Bookings file and obey the instructions on green use given by the person in charge of the green.

All applicants and bowlers will be encouraged to participate in matches and help in the preparations for home games both on the green and refreshments in the pavilion, together with the necessary cleaning and storage of items afterwards.
